

NOTICE

The City of New Orleans' Recreation Development (NORD) Commission is continuing to improve and expand its services, programming, and facilities for New Orleans residents. We are currently working to improve the Willie Hall Playground, located on Milton Street, in New Orleans, LA 70122, District D.

Due to construction taking place at NORD's Willie Hall Playground we will be relocating programming for the Willie Hall Teams to Harris Playground, located at 4998 Piety Drive. During this time programming will operate out of a modular office trailer, near Louisa Drive during normal playground hours. Construction is scheduled to begin now, and continue over the next 12-24 months.

For more information on this Capital Project, or to contact NORD about specific project details please call 504.658.3077 or visit www.nordc.org or www.nola.gov.

Thank you for your patience and understanding.
