

NORDC Booster Club Code of Ethics

NORDC has enacted a code of ethics for booster club leaders. It is essential to the proper operation of NORDC that booster club members be impartial and that membership in the booster club not be used for private gain, and that there be public confidence in the integrity of government. The public interest requires that NORDC policy protect against such conflicts of interest and that it establish ethical standards with respect to the conduct of booster club leaders without creating unnecessary barriers to service.
